

5

Technical drawing of a mechanical assembly, likely a valve or actuator, showing various components and their assembly sequence indicated by numbers 5.65 through 5.104. The drawing includes a side view of the main body and a detail view of a component at the bottom right.

Key components and callouts:

- 5.65**: A circular feature, possibly a flange or seal, on the left side.
- 5.90**: A horizontal line or pipe section on the left.
- 5.89**: Two vertical components, possibly actuators or guides, in the center.
- 5.96**: A horizontal section on the right side.
- 5.97**: A horizontal section on the right side.
- 5.105**: A horizontal section on the right side.
- 5.104**: A horizontal section on the right side.
- 5.92**: A horizontal section on the right side.
- 5.88**: A horizontal section on the right side.
- 5.91**: A horizontal section on the right side.
- 5.14**: A rectangular component, possibly a valve or actuator, on the right side.
- 5.3**: A circular feature, possibly a flange or seal, on the right side.
- 5.105**: A horizontal section on the right side.
- 5.104**: A horizontal section on the right side.
- 5.105**: A horizontal section on the right side.
- 5.104**: A horizontal section on the right side.
- 5.105**: A horizontal section on the right side.
- 5.104**: A horizontal section on the right side.

Technical drawing of a mechanical assembly, likely a shaft-hub connection, showing dimensions in millimeters. The drawing includes a central shaft with a keyway, a hub with a key, and a flange. Dimensions are indicated by lines and numbers:

- 5.95: Dimension of the shaft diameter at the left end.
- 5.94: Dimension of the shaft diameter at the left end of the hub.
- 5.92: Dimension of the shaft diameter at the right end of the hub.
- 5.89: Dimension of the shaft diameter at the right end of the hub.
- 5.92: Dimension of the shaft diameter at the right end of the hub.
- 5.98: Dimension of the shaft diameter at the right end of the hub.
- 5.99: Dimension of the shaft diameter at the right end of the hub.
- 5.68: Dimension of the shaft diameter at the right end of the hub.
- 5.63: Dimension of the shaft diameter at the right end of the hub.
- 5.64: Dimension of the shaft diameter at the right end of the hub.
- 5.12: Dimension of the shaft diameter at the right end of the hub.
- 5.4: Dimension of the shaft diameter at the right end of the hub.
- 5.13: Dimension of the shaft diameter at the right end of the hub.
- 5.88: Dimension of the shaft diameter at the right end of the hub.
- 5.91: Dimension of the shaft diameter at the right end of the hub.
- 5.92: Dimension of the shaft diameter at the right end of the hub.
- 5.92: Dimension of the shaft diameter at the right end of the hub.
- 5.5: Dimension of the shaft diameter at the left end.

Technical drawing of a mechanical assembly, showing a side view of a component with various labeled parts (5.37, 5.41, 5.42, 5.9, 5.39, 5.88, 5.91, 5.92, 5.70, 5.93, 5.89, 5.65).
